RATIONALE FOR REVISED SCOPE

The timeline for forming the Steering Committee whose role it is to guide the Strategic Planning work extended beyond initial estimates in the original scope of work. Homebase team members worked closely with City of Richmond staff to ensure that the Steering Committee was representative of various backgrounds, professional experiences, and perspectives. Thoughtful recruitment of members was time consuming but essential to the success of the planning process. Delays in the formation of the Steering Committee extended the timeline of the work more generally, by approximately three months.

At the request of the Steering committee and with permission of city staff, Homebase expanded Stakeholder Engagement significantly for unhoused individuals. The original scope of work contemplated one virtual focus group, while the team executed 24 in-person interviews, in multiple locations across encampments and shelters. This involved more planning, travel, facilitation time, and time to code/analyze qualitative data trends.

City staff have requested a Community Workshop to present the plan and receive feedback. Homebase will design and facilitate this meeting as well incorporate feedback into the Strategic Plan.

REVISED SCOPE OF WORK AND SCHEDULE

Phase I: Background, Vision, and Initial Outreach

Assessment of Existing Systems and Services – March – July 2022

Environmental Scan and Gaps Analysis

Homebase will gather information and data to develop a baseline understanding of the City of Richmond's strengths, needs, and gaps in relation to homelessness. As part of this phase, Homebase will carry out an environmental scan and needs assessment/gaps analysis that identifies existing housing and services, unmet needs, and priority gaps to be addressed. This assessment will be conducted based on review of key documents; analysis of HMIS and other data on numbers, needs and performance; targeted discussions with key stakeholders to contextualize the data and information gathered; client focus groups; and/or provider e-surveys. The gaps analysis will look at the homelessness system of care through an equity lens, overall and at sub-population and sub-regional needs and differential access, and it will consider both the need for new programs as well as improvements to the operation of existing housing and services. Our team will also look at current and anticipated impacts and evolving conditions resulting from COVID-19 and its aftermath. We will review and analyze All Home's Regional Action Plan and other initiatives underway in the city, county, and region to ensure that the plan is informed by and aligned with the work that has already begun.

Establishment of a Strategic Planning Steering Committee

In our experience with strategic planning, Homebase has found the early recruitment and engagement of a Strategic Planning Steering Committee has been key to the overall success of the planning process, resulting in shared strategies across departments and other city-wide stakeholders. This Steering Committee would oversee and advance the strategic planning process and may include representatives of the Homelessness Task Force, City Council Ad-hoc Committee on Homelessness, and City Council; members of the community with lived experience of homelessness; and/or other stakeholders identified by the City. If the City of Richmond chooses to convene a Steering Committee, Homebase would attend and facilitate monthly meetings and develop agendas, announcements, and meeting materials. Our team would host the meetings via a virtual platform in light of ongoing public

health concerns due to the COVID-19 pandemic. During this phase, the Steering Committee would be a forum for initial discussion of persistent challenges and emerging opportunities for critical investment. The Steering Committee would also review and approve Homebase's Planning Process and Stakeholder Engagement Plan to establish a guiding vision and goals for the planning process and subsequent Plan implementation.

Community and Stakeholder Engagement – August – October 2022

We have found that engaging a wide range of stakeholders in the planning process and providing meaningful opportunities to provide input and feedback is paramount for a successful strategic plan and implementation. Stakeholder engagement not only supports the development of a community-informed strategic plan; it also serves to build momentum and enthusiasm, building consensus and buy-in on strategies and next steps. As such, Homebase will facilitate a comprehensive community engagement process that ensures that planning and recommendation development is based on concrete information about local needs and resources. Building upon the environmental scan and gaps analysis, we will conduct a deeper assessment of strengths and needs grounded in community engagement via a community kick-off event, virtual stakeholder interviews and focus groups (which may be conducted in Spanish as needed), community work sessions, and meetings with City staff. While we will employ these key methods, we have found that community outreach and engagement is often an iterative process where new ideas, additional gaps, and questions arise throughout the planning process. We therefore develop our processes to leave room for additional outreach and engagement as needed to fully assess community needs and resources. Homebase will work with City staff to design and facilitate virtual convenings in light of ongoing public health concerns. Our team has the capability and experience necessary to successfully conduct engaging online meetings with diverse stakeholders that leverage technology, use adult learning principles, and are inclusive of people with varying degrees of access, comfort, and facility with technology. We will work with the City to develop agendas, discussion questions, infographics, and other materials necessary for the following community engagement activities.

Community Kick-Off Event and Planning Workshop (September 2022)

We propose to initiate community engagement with a Community Kick-Off Event / Workshop. This event would be open virtual meeting aimed at achieving early engagement and buy-in from key stakeholders, and the session would be scheduled to ensure broad participation and attendance. The event will be organized with the goal of inviting everyone with any interest in the plan, including City officials and staff, housing and service providers, representatives from schools, law enforcement, healthcare and other affected systems, business and community leaders, individuals with lived experience of homelessness, and members of the general public. If the meeting includes breakout sessions, one of the breakout groups will be facilitated and conducted in Spanish. This event will be structured to both build community-wide support for the planning process and gather initial information to guide planning. As such, meeting participants will receive information about homelessness in the City and general information on best practices and will have the opportunity to provide initial feedback to the process about needs, gaps, and existing service system performance.

Key Stakeholder Interviews (October 2022)

Identifying key stakeholders to provide in-depth information via individual interviews is an important element of the strategic planning process. We will work with the City and/or Strategic Planning Steering Committee to identify 4-5 key stakeholders for interviews. We have also found that stakeholders who may best inform the process via interviews are often identified during the process of community meetings and outreach.

Focus Group Meetings (August-September 2022)

To further contextualize our analysis of gaps, needs and resources, and to solicit additional input from the community, we also propose a series of 6-8 virtual meetings with key stakeholders, with the

participation and structure developed in partnership with City staff. These meetings will include focus groups with direct service providers, the local business community, and may also include an internal inter-departmental City staff meeting, and/or topical subcommittee sessions. In addition, we will conduct in-person interviews of people with Lived Experience of Homelessness at up to three encampments and/or shelters, aiming for a diversity of experiences and background of participants. These meetings will seek to engage the knowledge and experiences of a cross-section of those closest to the issue of homelessness in the City, including City staff, City Council members, housing and homeless service providers, public and behavioral health providers, business groups, civil rights organizations, court officials, public safety providers, education providers, economic and workforce development providers, neighborhood associations, and especially people with lived experience of homelessness. The structure of these focus groups, invited participants, and outreach and engagement methods will be determined in consultation with the Steering Committee and/or City staff and will take into consideration logistical constraints due to COVID-19 as necessary. We propose to provide gift cards to honor the time of individuals with lived experience of homelessness who participate in focus groups. Focus groups may be conducted in Spanish if desired.

Synthesis and Recommendations – October – November 2022

Homebase will analyze the information gathered during initial assessment and stakeholder engagement processes to develop a set of findings and recommendations that identify overall strengths and challenges, unmet needs, priority gaps, funding sources, and opportunities present in the City of Richmond to address homelessness. Our team will work with the Steering Committee and/or City staff to flesh out and refine the mission, goals, objectives, and strategies/action steps to guide the City in addressing homelessness over the next five years.

Best Practices and Data Analysis

Homebase will carry out relevant data analysis and research on evidence-based and best practices in similar communities and high performing homeless service systems. This will be informed by our extensive experience developing, implementing and evaluating coordinated entry systems; planning and supporting homeless response and affordable housing systems; providing technical assistance to actualize Housing First programs; and building system capacity through funding, staffing, strong governance structures, community coordination and optimized Homeless Management Information Systems. Homebase will also analyze data related to racial and ethnic disparities and homelessness in Richmond. This information will support the work of the Steering Committee or City staff in considering key elements and recommendations for the strategic plan and ensuring they are not further contributing to inequalities by having a disparate impact on people based on their race or ethnicity.

Presentation of Initial Findings

Homebase will present our analysis, findings, and recommendations to City Council via an online presentation. The presentation will include opportunity for feedback and refinement of priorities and goals.

Phase II: Creation, Outreach, and Presentation of Strategic Plan

Based on continued input from stakeholders, including City staff, the Strategic Planning Steering Committee, City Council, and other stakeholders, our team will develop strategies and a strategic plan document, through a process that supports actionable implementation.

Draft Plan Strategies and Framework – December 2022-March 2023

Plan Drafting and Feedback (December 2022-January 2023)

Based on information gathering, analysis, and community input completed during Phase I, our team will develop a draft of initial strategies and the Strategic Plan framework. The framework will include:

- The overall vision statement and mission of the Plan;
- Information from the community resources and needs assessment phases, identifying strengths, unmet needs, priority gaps, and opportunities;
- Priority areas for action, as defined by the Steering Committee and other stakeholders, with information clarifying issues and needs;
- Goals, objectives, and recommendations for each priority area of action; and
- Concrete implementation plan, identifying responsible parties, timelines, funding sources, and establishing metrics to be used, with data sources, for evaluating success in Plan implementation.

The draft framework and corresponding Strategic Plan may focus more narrowly than the initially information gathering and analysis, at the direction of the Steering Committee (ie. The Steering Committee may choose to narrow the plan to focus on strategies to solve unsheltered homelessness).

Presentations of Initial Strategies and Framework

Draft strategies and the Plan framework will be presented to the Steering Committee for initial feedback.

Community Workshop (January 2023)

The strategies will then be presented at a community workshop, open to the public, to develop buy-in and to empower the community to participate in implementation. The Homebase team will work with City Staff to ensure the Community Workshop is well publicized in advance of the session. Held virtually, the Workshop will be highly interactive - designed and facilitated with the goal of maximizing input of the citizens of Richmond. The Homebase team intends to incorporate members of the Steering Committee into the Community Workshop which will take additional outreach and preparation of available Steering Committee members. Homebase will collect Community member input at the Workshop as well as through an established Community Comment period which will be advertised through the City's website.

Begin Preliminary Implementation (February/March 2023)

Even prior to Plan finalization and approval, we have found that there are often recommendations identified which have broad consensus, and successful early implementation of these can offer a chance to practice new partnerships, collaboration, and communication, all of which will be essential to full Plan implementation. It also helps to reinforce planning process momentum and purpose. Our team will work with City staff, the Steering Committee, and other stakeholders to identify actions whose implementation can begin immediately. These may be framed as "The First 100 Days" and other very short-term targets to practice aiming at collective targets and achieving success that fuels action for longer-term gains.

Finalization and Approval of Strategic Plan – February-April 2023

City Council Study Session (February 2023)

The Homebase team will lead the development of study session materials including key communications, final plan, and in-meeting slide deck. The Homebase team will lead the presentation with city staff available as needed for questions. Homebase will collect input and make adjustments to

the plan as requested by City Councilmembers. Barring the request of any substantial revisions, the Homebase team will plan to attend the April City Council meeting seeking approval of the plan.

Finalize City of Richmond Homelessness Strategic Plan

Homebase will incorporate feedback gathered during presentations of the initial strategies and Plan framework into a final version of the City of Richmond Homelessness Strategic Plan. The Plan will identify City actions that support County and regional efforts, are not duplicative, and leverage additional resources for collective impact on homelessness. We will propose ideas for the City to consider to maximize the impact of its housing and service dollars and to ensure appropriate coordination with the County. Our team will create a Strategic Plan document that is user-friendly, easy to read, and accessible for a broad audience, making use of graphics to illustrate key concepts.

Present Final Strategic Plan (March/April 2023)

The final Strategic Plan will be presented for approval by City Council, as well as by any other appropriate bodies. The final Plan will be focused on key goals and outcomes and will be useable in both print and electronic formats.

The information provided in this proposal does not constitute legal advice or advertise legal services. Homebase does not enter into attorney-client relationships.

3. Financial Responsibility Laws

- a.** When this policy is certified as proof of financial responsibility for the future under the provisions of any motor vehicle financial responsibility law, the insurance provided by the policy for "bodily injury" liability and "property damage" liability will comply with the provisions of the law to the extent of the coverage and limits of insurance required by that law.
- b.** With respect to "mobile equipment" to which this insurance applies, we will provide any liability, uninsured motorists, underinsured motorists, no-fault or other coverage required by any motor vehicle law. We will provide the required limits for those coverages.

4. Legal Action Against Us

No person or organization has a right under this Coverage Form:

- a.** To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or
- b.** To sue us on this Coverage Form unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured; but we will not be liable for damages that are not payable under the terms of this insurance or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

5. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this policy to the first Named Insured, this insurance applies:

- a.** As if each Named Insured were the only Named Insured; and
- b.** Separately to each insured against whom a claim is made or "suit" is brought.

6. Representations

a. When You Accept This Policy

By accepting this policy, you agree:

- (1)** The statements in the Declarations are accurate and complete;
- (2)** Those statements are based upon representations you made to us; and

- (3)** We have issued this policy in reliance upon your representations.

b. Unintentional Failure To Disclose Hazards

If unintentionally you should fail to disclose all hazards relating to the conduct of your business at the inception date of this Coverage Part, we shall not deny any coverage under this Coverage Part because of such failure.

7. Other Insurance

If other valid and collectible insurance is available for a loss we cover under this Coverage Part, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary except when **b.** below applies. If other insurance is also primary, we will share with all that other insurance by the method described in **c.** below.

b. Excess Insurance

This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis:

(1) Your Work

That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

(2) Premises Rented To You

That is fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

(3) Tenant Liability

That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner;

(4) Aircraft, Auto Or Watercraft

If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion **g.** of Section **A.** – Coverages.

(5) Property Damage To Borrowed Equipment Or Use Of Elevators

If the loss arises out of "property damage" to borrowed equipment or the use of elevators to the extent not subject to Exclusion **k.** of Section **A.** – Coverages.

(6) When You Are Added As An Additional Insured To Other Insurance

That is other insurance available to you covering liability for damages arising out of the premises or operations, or products and completed operations, for which you have been added as an additional insured by that insurance; or

(7) When You Add Others As An Additional Insured To This Insurance

That is other insurance available to an additional insured.

However, the following provisions apply to other insurance available to any person or organization who is an additional insured under this Coverage Part:

(a) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract, written agreement or permit that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in **c.** below.

(b) Primary And Non-Contributory To Other Insurance When Required By Contract

If you have agreed in a written contract, written agreement or permit that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs **(a)** and **(b)** do not apply to other insurance to which the additional insured has been added as an additional insured.

When this insurance is excess, we will have no duty under this Coverage Part to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

- (1)** The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
- (2)** The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach, each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

8. Transfer Of Rights Of Recovery Against Others To Us

a. Transfer Of Rights Of Recovery

If the insured has rights to recover all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them. This condition does not apply to Medical Expenses Coverage.

b. Waiver Of Rights Of Recovery (Waiver Of Subrogation)

If the insured has waived any rights of recovery against any person or organization for all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, we also waive that right, provided the insured waived their rights of recovery against such person or organization in a contract, agreement or permit that was executed prior to the injury or damage.

F. OPTIONAL ADDITIONAL INSURED COVERAGES

If listed or shown as applicable in the Declarations, one or more of the following Optional Additional Insured Coverages also apply. When any of these Optional Additional Insured Coverages apply, Paragraph 6. (Additional Insureds When Required by Written Contract, Written Agreement or Permit) of Section C., Who Is An Insured, does not apply to the person or organization shown in the Declarations.
