For purchase of Motorola mobile radios used by the Police Department. This includes mandatory encryption software needed for each radio that is implemented in September 2025 for Contra Costa County agencies and Alameda County agencies.

**Sole Source Rationale:** PLEASE ANSWER ALL THE FOLLOWING QUESTIONS: Explain why the recommended company is the only company that can meet the requirement. Address the following: Are there any other companies who can do this job? What condition (e.g. technological superiority, or performance risks, etc.) exists so that the recommended company has a significant advantage over any other company who can do this job? It is important to sufficiently address the key reason for awarding an order/contract without soliciting competitive bids. The rationale must be clear and convincing, avoiding generalities and unsupported conclusions.

The initial selection of Motorola Solutions Inc. to be a sole provider of radio equipment was made by the East Bay Regional Communications Systems Authority (EBRCSA) of which the City of Richmond is a member. The Richmond Police Department is required to meet the encryption standards in compliance with the California Department of Justice Security Policy and replace all outdated communications equipment. Motorola Solutions is the only provider which can supply the encryption for the Motorola system used by the Police Department. The infrastructure that was built up by EBRCSA can only be used with Motorola. Other vendor's radios have limited functionality and cannot use the majority of Motorola's infrastructure and built-in features. This Motorola product meets all of the standards for the designed system that EBRCSA requires.

**Complete the following checklist**

A specific contractor is the only source of the required item because (check all that apply):

- The required items are **proprietary to the Contractor**, and contractor solely transacts (sells) direct to the customer. (There are no dealers or distributors for contractor).
- The required items are **proprietary to the Contractor**, and **contractor does not sell direct to the customer**. Contractor solely distributes the item or service through only one dealer or distributor in the United States. (There are no dealers or distributors for contractor).

**Note: If item or service is available from more than one source, the item or service may be treated as proprietary, but must be competitively solicited from multiple (two or more) sources.**

- A specific item is needed:
  - To be compatible or interchangeable with existing hardware
  - As spare or replacement hardware  For the repair or modification of existing hardware
- Federal or state grant names vendor as condition of funding. (Attach copy of grant that names vendor)
- There is a **substantial risk** in contracting with any other contractor, (e.g., only one contractor has been successful to date in implementing a difficult manufacturing process or the **services sought**). ***In a brief explanation, provide supporting evidence of why other contractors are considered to be unable to overcome the substantial risk.***

Price of each radio includes programming them to our specifications and radio channels (talk groups), as well as the encryption required for interoperability with surrounding agencies. Motorola Solutions is the only provider which can supply the encryption for the Motorola system used by the Police Department.

- Continuation of prior Work** – Additional item, service or work required, but not known to have been needed when the original order was placed with vendor, and it is not feasible or practicable to contract separately for the additional need. ***Provide brief explanation and supporting evidence.***

EBRCSA maintains our dispatch radio equipment consoles. If we switched vendors of our portable and mobile units, we would need to upgrade the Dispatch Center's equipment and the interoperability with neighboring cities would be affected - including El Cerrito which contracts dispatch services provided by the City of Richmond Communications Center.

I acknowledge the City's requirements for soliciting competitive quotes/bids for purchases over \$3,000.00 and the criteria for justification for Sole Source purchases. I have gathered the required information, have made a concerted effort to review comparable/equal equipment/services (e.g., market research), and further affirm that there is no conflict of interest involved in the selection made.

**Note: Richmond Municipal Code Section 2.52.326 Sole Source Procurement requires final approval by the City Manager and/or City Council. Sole Source must be approved by Finance Director, PRIOR to Council Approval.**

**PROCEDURE**

Sole Source purchase/service are exceptions to the normal bidding process and require a detailed justification. In processing Sole Source requests for supplies, services and/or equipment, the Purchasing Division adheres to and is governed by the principles set forth in City of Richmond Municipal Code Section 2.52.326 Sole Source Procurement.

If you are requesting a particular vendor, brand or product, you must make this fact clear on your Sole Source form. Your request will then be restrictive and non-competitive, and will fall into a sole source category. If the sole source justification is approved, the requisition can be expedited without the normal bidding requirements.

Such a request should not be made unless you are confident that your request is reasonable and appropriately justified to meet the City's requirements and withstand any possible audit. The City's requirements and the format for submitting such requests are contained herein. Sole Source form must be signed by authorized department representative(s). The certification will remain on file for audit purposes.

The following factors **DO NOT** apply to sole source requests and should not be included in your sole source justification. They will not be considered and only tend to confuse the evaluation process.

1. Personal preference for product or vendor.
2. Cost, vendor performance, and local service (these are generally considered award factors in competitive bidding).
3. Features which exceed the minimum department requirements.
