Dear Abigail and Kate,

We are pleased to provide a one-time augmentation to your 2025-2026 CLLS Adult Literacy Services and Family Literacy Services award with an additional **\$9,000**, for a new award total of **\$137,058**. These funds can be allocated to your library's adult literacy or family literacy budget at your discretion. When allocating funds, please remember a minimum of 51% of your total award must be allocated to adult literacy and a minimum of 26% of your total award must be allocated to family literacy. Funds must be used on allowable expenses.

In your 2025-2026 CLLS award in [Euna Grants](#) (formerly AmpliFund), you will complete a budget amendment and select "Awarded Amount" and "Budget" amendment. This will allow you to include the additional funds to your current award and allocate the additional funds for your new approved budget on file. Make sure to explain how you plan to use these funds. You are also able to make additional adjustments to your overall 2025-2026 budget if you would like. You can submit your amendment as soon as you complete them. See more instructions about "[Grant Amendments](#)."

After this step, our fiscal team will manage the claim process through DocuSign.

Let me know if you have any questions as you work!

Thank you,

*Allyson*
