## Description

Scope of Services NOTICE INVITING BIDS

The City of Richmond Public Works Department requires the purchase of K-Rails and large boulders to support ongoing encampment abatement, right-of-way protection, and site hardening projects throughout the City. These materials are essential for restricting vehicular access to sensitive areas, improving public safety, and ensuring compliance with abatement strategies approved by City leadership. K-Rails provide durable, movable concrete barriers suitable for high-traffic and high-risk locations, while natural stone boulders (1-3 tons) offer a permanent and aesthetically compatible alternative in parks, open space, and residential buffer zones. Procuring these materials through competitive bids will ensure cost-effectiveness, quality standards, and timely delivery.

Other Details Contact Ofelia Alvarez for assistance in downloading Bid  
ofelia\_alvarez@ci.richmond.ca.us

Notes Vendors must download the complete bid package from BidsOnline and submit their bid using the form provided. Vendors obtaining documents from any source other than BidsOnline are responsible for verifying they have the latest version and all addenda.
