**DISCUSSION:**

At the January 14, 2020, City Council Meeting, the City Council adopted **Ordinance No. 4-20** and approved District Map #115B establishing the boundaries for district elections in the City of Richmond. The Council set the election sequence to Districts 1, 5, and 6 to begin with the November 3, 2020 election; and Districts 2, 3, and 4 to begin with the November 2022 election.

Every 10 years, local governments must use new census data to redraw their district lines to reflect how local populations have changed. [Assembly Bill 849 \(2019\)](#) requires cities and counties to engage communities in the redistricting process by holding public hearings and/or workshops and doing public outreach, including to non-English-speaking communities. Below is an account of outreach efforts. New district maps must be adopted by the Council no later than April 17, 2022, for the November 2022 election.

NDC will guide the City to reestablish the district boundaries. The redistricting process will involve several public hearings that will allow for significant public input on the formation of the districts. Spanish translation services will be available at all public hearings.
